

DINOKENG LOFTS - NOVEMBER NUUSBRIEF/NEWS LETTER – VEILINGS/AUCTIONS 2016

Graag bedank die bestuur van Dinokeng Lofts al die klubs wat vir ons veilings aangebied het. Ons waardeer dit baie en opreg. Die gemiddelde prys per duif na 13 veilings beloop R1 075.15. Gegewe die huidige ekonomiese klimaat is ons heel tevrede, dit is ook die rede hoekom Dinokeng Lofts besluit het om die klubs wat die beste gedoen het met 'n bonus te beloon. Dinokeng wil dit (die bonusse) 'n instelling maak. Hierdie jaar (2016) se bonusse is:

1. R5 000.00. 2. R3 000.00 en 3. R2 000.00.

Vir die bonus wenner klubs baie geluk, dit wys wat gedoen kan word. Vir die minder suksesvolle klubs ons is steeds dankbaar en waardeer jul bydrae en moeite.

Daar is nog 3 veilings wat afgehandel moet word, twee sal plaasvind op 3 Desember 2016 en die laaste een op 11 Desember. Ons sal die veilinglyste op ons webtuiste www.dinokenglofts.co.za plaas onder "auctions" aan die linkerkant van ons "Home Page".

Dinokeng Lofts wil graag moeite doen om die pryse vir plaaslike duiwe op ons veilings te verbeter. Almal is bewus van die feit dat plaaslike duiwe in die algemeen sleg tweede kom teenoor buiteland geteelde duiwe, terwyl dit duidelik wys uit prestasies in plaaslike kompetisies dat ons duiwe nie terugstaan vir buitelandse duiwe nie en in baie gevalle selfs beter vertoon. Baie van ons duiwe is geteel uit die beste buitelandse bloedlyne.

Ek het al so baie terugvoering gekry van Dinokeng gekoopte veiling duiwe wie se kinders en kleinkinders top prestasies gelewer het, ongelukkig het ek nie die nodige aantekenige gemaak nie. Ek wil `n webblad begin, waar ek alle terugvoering wil plaas. Dit sal help met die verkope van Dinokeng duiwe en dit sal ook vir die eienaar en sy duiwe baie blootstelling gee. So asb. stuur vir my 'n e-pos, sms of "WhatsApp" met sulke inligting.

Verder wil ek `n webblad begin waar ek elke duif se stamboom wil plaas soos die duiwe inkom. Dit gee aan almal (potensiele kopers) die geleentheid deur die seisoen om solank die stambome te bestudeer. Dit sal bydra tot beter pryse.

Jy kan baie goedkoper deelneem as jou duiwe beter pryse behaal, so asb. help ons sodat ons jou kan help en so is ons almal wenners!

The management of Dinokeng Lofts *would like* to thank all the clubs that hosted our auctions. We sincerely appreciate it. After 13 auctions, an average price of R1 075.15 per pigeon was attained. Given the current economic climate we are very satisfied, it is also the reason why Dinokeng Lofts have decided to reward the top three clubs with a bonus. Dinokeng intends to make this bonus a yearly institution. This year (2016) the bonuses are:

1. R5 000.00. 2. R3 000.00 and R2 000.00.

Congratulations! To the bonus winning clubs, it shows what can be achieved and to the other clubs we are still grateful and appreciate your contribution and hard work.

There are three auctions to be completed; two will take place on 03 December 2016 and the final one on the 11 December 2016. The auction lists will be available on our website www.dinokenglofts.co.za (click the " auctions" tab) on the left hand side of our Home Page.

It is our aim to improve the prices paid for local pigeons at our auctions. Everyone is aware of the fact that our locally bred pigeons, in general, fetch a poorer price than the foreign bred birds. However it is clear, as is proven in results and competitions that the local birds outperform the foreign birds time and again, and in fact many of our local birds are descendants from outstanding foreign bloodlines

We would like to create two webpages to help us reach this goal:

Firstly, I have received a lot of feedback from fanciers who have obtained great success and top achievements with children and grandchildren bred from pigeons purchased at Dinokeng Auctions. Unfortunately I never kept a necessary record and therefore I would like to start a webpage to display all the feedback I receive.

This will assist in the marketing of the pigeons for sale and the breeder will get the recognition he deserves.

Please send us a sms, e -mail or "WhatsApp "with the related information.

Secondly, a web page for pedigrees. Please send us your pedigrees with your pigeons. This will give potential buyers a chance to study the pedigrees before an auctions starts. I believe this will contribute to better prices being achieved.

If you receive better prices for your pigeons you can participate more affordably .So please help us to help you and so we are all winners!

Duiwe groete/Pigeon greetings.

Dinokeng Lofts Management.
